## Politics Quickened

### Cosby Announces For Judge's Post

Tempo of politics lived in Randall County this week as deadline for filing drew closer.

One candidate has announced so far for Randall County Judge. He is Clarence N. Cosby of Canyon. Cosby made an unsuccessful bid for county judge in 1966 but polled 4135 votes as compared to 4915 received by his opponent, Lloyd King.

Cosby is a Canyon businessman. The Democrats have not yet fielded a candidate for county

judge.

The post presently is held by P. H. Mulloy of Amarillo who was appointed by commissioners court last fall following the death of Judge King.

Incumbent Bill Money is the only candidate to date for the office of county tax assessor collector. He is running in the Democratic primary.

Veteran peace officer L. S. "Slim" Johnston is running for sheriff again on the Democratic ticket. He is the only candidate so far and it presently appears that he may run unopposed.

Two Democrats and a Republican have announced for commissioner of Precinct 1, a post which incumbent B. R. Jones has announced he will not seek again.

The Republican is Paul T. Collins, 71, of Canyon a retired Santa Fe Railway employee. He lived in Amarillo 10 years before moving to Canyon a year ago. His wife is a member of the West Texas State University faculty.

Wayne Kelso, 36, Amarillo businessman, has announced on the Democratic ticket.

Kelso is president and general manager of Truck Equipment Company in Amarillo. He lives in South Amarillo and was a strong proponent of a county airport. He led the fight for a bond issue in 1964 for the building of an airport. The issue was defeated.

The other Democrat is Forrest Walker who farms and operates a service station in Amarillo.

Walker lives in South Amarillo.

Glenn Dowlen filed on the

### Check Meet Set Tonight

Canyon merchants in a meeting at 7 o'clock this evening will discuss a proposal to reduce the number of worthless checks passed in the city.

The meeting will be held in the 47th District Court Room on the third floor of Randall County court house.

The proposal is that Canyon merchants accept only personalized checks on local banks.

"This system virtually eliminates 'account closed' and 'unable to locate account' checks," said Criminal District Attorney George Dowlen in a letter inviting Canyon merchants to the meeting.

Dowlen said the system has been used in other cities with a degree of success.

Dowlen noted that representatives from the West Texas State Bank and First National Bank will participate in the meeting.

### City Sales Tax Net \$45,000

The issue of a one per cent city sales tax that may be taken before Canyon voters this spring could result in as much as \$45,000 additional revenue per annum to the city treasury.

City Manager Paul Davis said the \$45,000 figure was a "shot in the dark" as no actual computation of how much the sales tax would mean to Canyon, but the figure was based on expected collections from towns of comparable size to Canyon.

Davis earlier told commissioners a tax role for the year shows \$11,792,200 for real and \$3,822,140 for personal property. Of this fifteen million dollar-plus figure, he noted, anticipated revenue will be \$234,215.10.

Voters in 158 Texas cities containing 70 per cent of the state's urban population have approved the municipal sales tax in 1967 elections. The tax was defeated in 22 cities.

The 158 cities approving the tax in 1967 contain a total population of 6,231,211. Population of cities defeating the tax last year totaled 377,987.

Mayor Paul Lindsey said although city fathers approved a resolution early last year that would bring the matter before the Texas Legislature, this action did not constitute an endorsement of the one per cent sales tax.

"This," Mayor Lindsey explained, "was just to get the law on the books where cities could vote on the sales tax if

they wanted to."

Of the four city commissioners voting for the resolution, two were removed in 1967 elections. The sales tax matter has not been discussed by the commission since the April elections.

"A lot will depend on developments in the surrounding area," Mayor Lindsey said of offering

### Restore T-Anchor

Randall County Historical Survey Committee has kicked off a program for renovation of the old T-Anchor Headquarters Building located north of Canyon on West Texas State University property.

Cedar logs from Palo Duro Canyon will be brought to the site for repair of the old building. Logs for the original building were cut in the Palo Duro.

Boy Scouts of Troop 108 already have been working at the headquarters building doing cleanup work. No estimate has been made on cost of the repairs.

The committee is soliciting funds from interested people. Checks may be drawn to Randall County Historical Survey Committee and should be mailed in care of the Randall County judge at Randall County Court House in Canyon.

Plans also call for putting markers at the old buffalo hunter camp near the T-Anchor building and at the old Hoffman place 5 miles north of UMBARGER.

Randall County Historical Survey Committee was awarded one of the 27 top ratings granted in the state for 1967. Mrs. Doris Martin is chairman of the committee.

More than 1,000,000 tourists visited the Randall County area last year. The committee worked throughout the year to help provide tourist attractions.

### Seek Trial On Voting Machines

Randall County commissioners Monday decided to wait until a new punch-card voting system has been used in the May primaries before purchasing such a system for the county.

Randall County had received three bids on punch-card voting systems.

Seiscor submitted a bid on its basic model for 150 machines at \$150 each with an allowance of \$512.50 each for the county's present lever-type voting machines. Total price of the 150 machines would be \$22,500 with a trade in allowance of \$17,425. This would

### Foundation Meet Slated

Annual meeting of the Texas Panhandle Heritage Foundation will be held Jan. 28 at 3 p.m. in the West Texas State University Branding Iron Theatre.

Pete Gilvin, foundation president, announced last week that a private showing of "TEXAS" in the Palo Duro Canyon State Park will be held June 28 for members and their guests. A dinner and special entertainment is planned and Governor and Mrs. John Connally will be invited.

Following the Jan. 28 meeting, Bart Man, San Antonio goldsmith, will exhibit some of his works.

BOB DOWD, left, of J. I. Case Company of Happy is shown here with Rick Hales and Rick's grand champion steer of the Randall County Junior Livestock Show. The Happy firm purchased the Angus steer for 85 cents a pound. The grand champion weighed 784 pounds and brought \$666.40.

## Hales Exhibits Champ, Sister Shows Reserve

The Richmond Hales family had another big day at the Randall County Junior Livestock Show Saturday.

Rick Hales, 14 years old, showed the grand champion steer of the show and his sister, Rhonda, 12, showed the reserve champion. Both steers are black Angus.

The two are children of Mr. and Mrs. Richmond Hales and the steers were bred by the Richmond Hales Angus Farm which is operated by Mr. Hales.

The grand champion was purchased by the J. I. Case Company of Happy at 85 cents a pound and brought a total of \$666.40. The reserve champion was bought by Hosea Foster, Agent, Canyon, at 50 cents a pound. It brought a total of \$418.50. The grand champion weighed 748 pounds and the reserve champion 837 pounds.

Rick is a Canyon FFA boy and his sister is a member of

the 4-H Club.

The winners circle was nothing new to the Hales family. They swept the beef steer show last year. Another brother, Rod, 10, exhibited the grand champion in 1967. Rick showed last year's reserve champion and Rhonda was a close third in the 1967 show.

Rick also showed the reserve champion steer in 1965.

Rhonda exhibited the champion beef heifer in 1966 and showed the champion Angus heifer in 1965. Also in 1965, Rod showed the reserve champion Angus heifer.

Rick exhibited the champion Angus heifer in 1964.

Rhonda and Rick say their cash from the two champions this year will go into their savings accounts.

Grand champion barrow of

the 1968 show was shown by Wicky Culp, a Happy FFA boy. The animal was a crossbreed and weighed 215 pounds. It was purchased by Taylor Evans Farm Stores at 90 cents a pound.

Wicky is a veteran having shown in many Randall County Junior Livestock Shows.

The reserve champion barrow was a duroc shown by Johnny Bewley, a Canyon FFA boy. It weighed 290 pounds and was purchased by Canyon First National Bank at 55 cents a pound.

Walter Hudson of Happy showed the champion Southdown lamb. It weighed 82 pounds and was purchased by Taylor & Sons of Canyon at 92.5 cents per pound.

## Umbarger School Has Money Snag

Financial difficulties of Umbarger Common School District were temporarily solved Monday when County Commissioners Clarence Beckman and Bill Butler agreed to draw \$1,500 each out of their precinct road and bridge funds and give it to the school.

The school district lies in Precincts 2 and 4 of which Beckman and Butler are commissioners.

Members of the Umbarger school board told the commissioners that the district is in debt \$881 from last year and

## 'TEXAS' Tryouts Saturday

Aspiring thespians from throughout the region are expected on the West Texas State University campus Saturday for the first in a series of three tryouts dates for "TEXAS". Following the first audition to be held from 9 a.m. until noon in the WTSU Branding Iron Theatre, a tryout will be scheduled Jan. 27 from 1 until 4 p.m. for college students only in the WTSU BIT and the third will be conducted in Arlington on March 2.

Rehearsals will begin in June and the show will play through Labor Day.

The "TEXAS" director and musical director will be present for the auditions.

ALDEN MANN

J. B. DOUGLAS

## Bank Promotes Two Officials

Alden Mann was named vice president of West Texas State Bank last Friday evening as the board of directors of that firm met at the bank's building.

Mann also was made an advisory member of the board of directors.

J. B. Douglas was promoted from head bookkeeper to cashier.

Mann grew up at Happy and spent most of his life there except for the time he was in the service.

He was employed at Happy First State Bank 26 years but spent three years as vice president and cashier of First National Bank in Tulsa.

He came here as cashier when West Texas State Bank opened last year.

Douglas moved here from Friona where he was teller and head bookkeeper.

He attended New Mexico Military Institute where he received

his high school and junior college diplomas. He attended Texas Tech. He had been with the Friona Bank for 21 1/2 years before moving to Canyon.

He and Mrs. Douglas have two children, Jay and Jan.

West Texas State Bank stockholders met immediately prior to the board of directors meeting.

All incumbent directors were returned to office. These include Clarence Beckman, Dr. J. Manly Bryan, Clay Cooper, H. R. Fulton, Jr., Ed Harrell, Grady Hazlewood, Virgil Henson, Dean House, David Levens, Milton Morris and J. M. White.

At the board's organizational meeting incumbent officers were re-elected. These include Grady Hazlewood, chairman of the board; David Levens, president; and Dean House, vice president. The board also named Mann vice president and Douglas cashier at the meeting.

## Judge Blocked On Raise Plan

Randall County commissioners Friday morning of last week blocked an effort by Judge Pat Mulloy to push through a blanket raise for county employees.

Judge Mulloy revealed that he had been interviewing county employees about prospective raises without telling commissioners.

Commissioner B. R. Jones pointed out that the county has given employees what amounts to a 7 percent raise already in recent weeks.

He was referring to a pension plan under which county employees pay in 7 percent of their salaries and have it matched by the county.

Jones also pointed out that county employees received an across the board raise last year.

"We just can't do it," Commissioner Bill Butler explained to the judge. "We don't have the money."

Judge Mulloy said the cost of living is going up and the county employees need more money.

"I believe that it should be on a scale where they (county employees) can get a raise without any action by the county commissioners," Mulloy declared.

Texas law provides that salaries of most county employees be set by commissioners court.

"The taxpayer has a high

cost of living too," declared Commissioner Clarence Beckman.

The discussion came at a meeting called to authorize issuing of court house improvement warrants. The court authorized the issuing of \$397,000 worth of warrants at 5 percent interest to be used in construction of an annex building

## WT Streets Abandoned By Canyon

The City of Canyon abandoned all streets within the West Texas State University confines Friday, clearing the way for a closed campus to non-student traffic.

The action, taken at a meeting attended by City Commissioners and WTSU officials, will permit the campus streets to be closed this spring to those without parking permits.

WTSU had earlier planned to close the campus and establish check points on the north, south and west entrances, but the action was temporarily stopped by a Student Court decision declaring the streets to be city-owned.

If the action creates a bottleneck on the Canyon Expressway, another solution will have to be found, Dean of Student Life T. Paige Carruth said. Dr. Carruth explained the closed campus policy would possibly be tried for two full semesters, but "it would be abandoned overnight."

He said that of the 12,000 citations issued during the year by the Security Department, 3,000 were for unregistered cars; 5,000 for cars owned by dormitory residents; and 4,000

MRS. CHARLES R. NESTER has been named Canyon's citizen of the year for 1967. She is shown here with a plaque presented to her at the annual Chamber of Commerce banquet Thursday night of last week.

## Mrs. Nester Top Citizen For '67

Mrs. Charles R. (Sally) Nester was honored as Canyon's citizen of the year Thursday night of last week at the annual Chamber of Commerce banquet.

Mrs. Nester has been active in church and community affairs since moving to Canyon in 1948. She is the wife of Dr. Charles R. Nester.

Mrs. Nester has devoted herself to school, church and Girl Scout work.

She served as president of the Chi Omega Sorority alumnae for three terms, from 1961 through 1964.

For the past eight years she has been sponsor for Beta Sigma National Sorority devoted to service. Presently the sorority is assisting Girltown.

She meets regularly with the sorority to give counsel and

assistance.

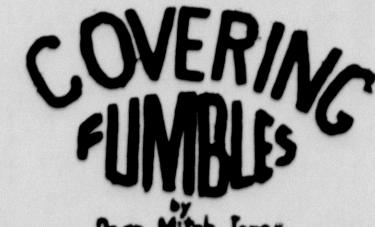

She has been active in the American Field Service for many years. The American Field Service is an organization which brings foreign exchange students to this country.

One exchange student, Milla Hernandez, of the Philippines stayed with the Nesters in 1962. Mrs. Nester said she recently heard from Miss Hernandez who currently is attending the University of Madrid in Spain. She will return to the Philippines when her education is completed and teach Spanish.

Mrs. Nester currently is vice president of the local American Field Service.

In her church work, Mrs. Nester is a Sunday School teacher at Canyon First Presby-

A little spice was added to the budding political campaign this week.

Last week Red Simpson ran a political announcement in which he declared that a number of his constituents and a number of his colleagues in the Texas House have urged him to run for re-election as state representative so this district can maintain its position of seniority in the house.

In a paid advertisement this week, his opponent, Marion Bruce, chided him. Bruce pointed out that in the Texas House the speaker appoints committee members and there is no seniority.

This race could become a real bare knuckle affair before May 5.

John Connolly ran Ralph Yarborough away from the gubernatorial trough just by announcing that there was a possibility that he might reconsider and run again.

Yarborough tucked tail and headed for Washington. More testimony to the courage of this state's fighting senior Senator.

There have been very few times that I have disagreed with the Canyon school board in the past five years. I think the board has done a magnificent job in running the school system.

I know that there are occasions when any board must hold executive or closed sessions to attend to business in an orderly fashion. However, even after more than a score of years as a working newspaperman, I have never learned not to be a little hurt and a little concerned when these meetings are called.

With all sincerity I hope executive sessions will be used sparingly and only when there is REAL necessity.

Speaking of the school board, I think we have one of the most able boards I have ever covered.

It has operated remarkably well under conditions that often left something to be desired.

The terms of Wesley Cox, Joe Gill and Jerry LaGrone expire this spring. I hope they will stand for re-election.

Mrs. Zoe Henry, teacher at Rex Reeves Elementary School, has plugged for years for use of phonics in teaching children to read.

Now comes Jeanne Chall, professor in Harvard's Graduate School of Education, with vindication for Mrs. Henry. Mrs. Chall intimates that the "whole word" method of teaching has created millions of

illiterates in this country during the past three decades.

Parents in California recently learned that children educated in the "whole word" method scored far below the national reading average in reading skills. Only last week the Los Angeles Board of Education appropriated \$140,000 to launch a crash program of phonics in the first three grades.

There's nothing so absolutely delicious as to see a bully get his come uppance.

## Registration Is Set At WT

Registration for the spring semester at West Texas State University will start Wednesday, when freshmen enroll. Registration of upperclassmen is scheduled Thursday and Friday.

Freshmen just starting to college for the first time will meet for orientation sessions at 8 a.m. and 2 p.m. Monday in the old Administration Building. They will receive counseling Tuesday before registering Wednesday with regular freshmen.

Classes for the spring semester will begin Jan. 29.

Registration for evening only classes and for students arriving late on campus is scheduled Saturday, Jan. 27, starting at 8 a.m. and continuing through 2 p.m. in the Student Union Building.

Spring semester closes May 23 with final examinations, and spring convocation is scheduled May 19.

Students at WTSU will close out the fall semester today with the last of final examinations scheduled at 1 p.m.

A half dozen youngsters received showmanship awards at the Randall County Junior Livestock Show last week end. From left in the back row are Mike Hinders, dairy; Stanley Hudson, lamb; Mike Bretling, swine; and W. A. "Bill" Wilson who received the annual Farmer Schaeffer award for contribution to the show. In the front row are Sue Kirby, steer showmanship; Dan Watkins, horse; and Pam Tucek, novice award.

## Canyon Woman Is Injured In Auto Mishap

A 31-year-old Canyon woman is in satisfactory condition at Northwest Texas Hospital in Amarillo following a two-car automobile accident just south of the Amarillo city limits Saturday afternoon.

Mrs. Clinton Glenn, Route 1, Box 34, was traveling north on the west access road of the Canyon Expressway in a 1966-model vehicle when she was in collision with a pickup driven by Leo Henry Herring, 52, of 6711 Western in Amarillo.

Both she and Herring, who is listed in critical condition, are being treated for knee injuries. Mrs. Glenn's 10-year-old daughter Brenda is being treated for cuts and bruises.

Herring, officers said, was apparently attempting to enter onto the south-bound lane of the expressway near Hollywood Road when the collision occurred. He was going south at the time of the accident.

Cheri Glenn, 7, and Ross Glenn, 5, were treated for cuts and bruises and released.

Damages in the accident, in which both vehicles were demolished, were estimated at \$3,500.

Quail Limit

Brown said quail hunting is improving as the end of season nears and that dogs are working better than at the beginning of the season. Quail are concentrating near feed and water, he said.

Season Ticket Drive Begins

Season tickets for West Texas State University football games in 1968 will remain at the same price as last year, but an increase in individual game tickets has been made.

Athletic Director Frank Kimbrough said chair seats on the season ticket plan would be \$4 per game or \$20 for five games and bench seats would be \$3.50 per game or \$17.50 for five games.

Individual game tickets will be \$5 for chairs and \$4 for bench seats.

The season ticket plan will save patrons \$1 per game on chair and 50 cents on bench seats.

Orders are now being taken in the WTSU Athletic Department offices and must be paid for by Aug. 31 before they can be mailed.

"All those season ticket holders in 1967 must return the pink

slip mailed to them by Feb. 15 for 1968 games," Kimbrough said.

## School Census Counts Begin

Canyon School District is currently taking a school census of all persons that will be six years of age and under eighteen years of age on September 1, 1968 to adequately forecast the needs of the school for next year.

Each school district of the state is required to comply with the school census program during January. All children living in the Canyon Independent School District that have birthdays between September 1, 1950 and September 1, 1962 are required to be included on the school census form.

Lawrence Brotherton, administrative assistant for the Canyon Independent School District, will serve as the school official in charge of the census enumeration. Plans have been made to send census blanks home with each student attending school.

In addition to this procedure every effort will be made to locate persons between the ages of 6 and 18 that are not in school and to locate children that will be starting to school in the first grade next year.

Parents of children that will start to school next year are asked to contact either the principal of the elementary school that the child will attend or Lawrence Brotherton, OL5-4571.

## Nelhybel Visit Is Set

Vaclav Nelhybel, composer, conductor and lecturer, will spend four days on the West Texas State University campus Feb. 2-5.

His sojourn here will be climaxed by serving as conductor at band-chorale concerts at 2 and 4 p.m., Sunday, Feb. 4. The identical program will be repeated that afternoon, in anticipation of public demand. Admission is free of charge, but reservations must be obtained beforehand so seating can be arranged at the two performances.

The 48-year-old Nelhybel, born in Czechoslovakia, is a United States citizen and has been living in New York City since 1957.

His ballet-opera, "The Cock and the Hangman," was first performed in the National Thea-

tre in Prague in 1947. He conducted concerts in Prague, Geneva and Munich.

Since 1964 Nelhybel has conducted his music and lectured at universities in 30 states. His appearance at WTSU is sponsored by the music department and the University Special Programs Committee. Royal Brantley, associate professor of music, will appear as baritone soloist.

Nelhybel's four-day program includes rehearsals, receptions, for university and high school students and music directors, individual conferences with students, and an address before the music student body.

All the events will be in the Fine Arts Building on the campus.

Wicky Culp, right, Happy FFA boy, showed his crossbreed swine to the grand championship of the Randall County Junior Livestock Show here last Saturday. The animal was

purchased by Taylor Evans Farm Store. Shown here with Culp and his grand champion is Don Sheets of Taylor Evans.

## Prize Calf Shown By Pearson

Grand Champion calf at a recent Happy Livestock Show was exhibited by Bill Pearson, son of Mr. and Mrs. Wayne Pearson of Tulia.

The calf, that weighed 860 pounds, was a Hereford. Bill's brother, Greg, showed the reserve champion calf.

Exhibiting the Grand Champion swine was Stewart Tackitt, son of Mr. and Mrs. Larry Tackitt of Happy. The winning Hampshire weighed 184 pounds. Reserve champion swine was exhibited by Mark Moudy.

Grand Champion sheep, a Hampshire, was exhibited by Allan Fowler, son of Mr. and Mrs. B. E. Fowler of Happy, and the reserve champion was shown by Terry Todd.

An outstanding first year exhibitor award was presented to Alvin Moudy, Jr. for his showing of swine. He is the son of Mr. and Mrs. Alvin Moudy, Sr.

First in hogs or swine went to Wick Culp, crossbreed; Ste-

wart Tackitt, Hampshire; Mark Moudy, Duroc; and Lonnie Tackitt, feeder pigs.

First place awards in the sheep division were presented to Stanley Hudson, Southdown; Curtis Fowler, Hampshires; and Kathy Fowler, fine wool cross.

Other awards included Gary Barrett, beef neatness; Bob Lee, swine neatness; and Hudson brothers, sheep neatness; and showmanship in beef, swine and sheep went to Gary Barrett, Mark Moudy and Chris Pearson, respectively.

Lee Moore, Happy agriculture instructor, said those exhibitors living in Randall County showed their animals in the Randall County Junior Livestock Show last week end and boys from Swisher County are exhibiting in a Tulia livestock show that began Wednesday.

Moore, who has been at HHS six years, said about 40 boys participated in the annual show at Happy this year.

## Dr. Bailar To Speak On Campus

Dr. John C. Bailar, Jr., who has made an international reputation in inorganic chemistry, will speak in Canyon Feb. 14.

Bailar's address has been scheduled for 8 p.m. in room 208 of the Science Building on the West Texas State University campus.

Dr. Alfred A. Kraus Jr., professor of physics, has received an announcement of Bailar's address from the Robert A. Welch Foundation. The foundation is spending large sums for chemistry research in Texas, including some \$50,000 a year for five researchers at West Texas State University.

Bailar, who is 63, is a native of Golden Colo. He received his B.A. and M.A. degrees from the University of Michigan in 1928, after which he went to the University of Illinois where he is professor of inorganic chemistry.

He has collaborated in the writing of several textbooks, he has been active in various American chemical groups, as well as in the International Union of Pure and Applied Chemistry.

Mike Tilger, right, exhibited the champion Hampshire in the Randall County Junior Livestock Show last week end. It was purchased by Warren's of Canyon for \$103.95. Shown with young Tilger is Bernard Warren of Warren's.

## Tax . . .

(Continued from Page 1)

the tax proposal to the voters. Amarillo's Mayor J. Ernest Stroud and two commissioners, all three of whom were elected last year, ran on a platform that did not favor the sales tax.

"Before we go up on real property tax," the Canyon mayor said, "we might consider the sales tax for Canyon."

He termed the personal property tax as "unfair," stating as his primary reason that "a lot of people just won't pay it."

"It (personal property tax) is not fair to those who make voluntary payments," Davis declared, "while others just let it slide and don't pay."

He said there was a possibility of instigating joint tax suits on personal property with the Canyon Independent School District and Randall County.

"We should treat them just like everybody else," Davis said of those who fail to render their personal property for taxation.

The one per cent sales tax is applicable to only those sales now taxed under the State Sales and Use Tax Act, but would not apply to automobiles or wholesale sales.

Among items exempt from the city sales tax include cigarettes, cigars, water, telephone and telegraph, meals served by hospitals to patients, meals sold by a church, food products not prepared for eating, prescription medicines and prescription eyeglasses, cement, alcoholic beverages (unless included on meals) gasoline, farm machinery and products which will be used in the manufacture of another product which is not subject to this tax.

Board member Bill Davis said the state and county charges \$1 and the city \$1.50 here. Jacobs urged that the board set some policy for charging tuition for non-resident students. He said one student from Amarillo and three from Hereford currently are attending Canyon Schools and not paying tuition. Tuition charge is being made at present for most transfer students.

Two resignations, that of Mrs. Fran Uhl and Mrs. Sally Brasher, were accepted.

Mrs. Carolyn June Newcomb was employed to replace Mrs. Brasher as typing teacher at junior high and high school. Mrs. Rebecca Hoffman was employed to replace Mrs. Uhl as fifth grade teacher at Rex Reeves Elementary School.

City Attorney Elton Cox said the matter of abandoning the streets was practical, not legal.

After the city has abandoned the streets for a two-year period, the streets can never be widened by the city unless condemnation proceedings were instigated.

WTSU Financial Vice President Virgil Henson said no one would benefit more from street widening than would the university. WTSU now maintains all the city-owned streets on the campus.

He said WTSU officials would cooperate in asking the Texas Highway Department for turn indicators on traffic signals on 23rd Street in order to move cars more rapidly as they approach the campus check points.

The university will give the city a utility easement for all lines on campus.

"We have a lot of one-way signs in our shop, if you want them," City Manager Paul Davis told Henson. The city had two one-way streets last year for a short period of time, but abandoned them when several businessmen complained.

"They haven't been used too much," laughed Mayor Protem H. R. Fulton, Jr.

board's wishes," said Jacobs.

"I want it done in private."

The board Tuesday night approved payment of a revised bill from E. T. Cummins, accountant who did the school's audit. The board approved payment of \$1,000. Cummins originally submitted a bill for \$1,500. Prior to this year, the accountant's fee had been \$750.

Jacobs reported that students who are absent during tests because of illness will be given an opportunity to take examinations later.

The superintendent told the board that certain items of equipment may be purchased by the school under the National Defense Education Act with the federal government paying half the bill.

He said audio visual equipment is needed most.

The board officially ordered a trustee election for April 6. Terms of three board members expire this year. They are Wesley Cox, Jerry LaGrone and Joe Gill. Cox currently is serving as board president.

The board discussed the possibility of charging for issuing of tax certificates. "Every place I've been there has been a charge of from \$1 to \$1.50 for tax certificates," Jacobs reported.

Board member Bill Davis said the state and county charges \$1 and the city \$1.50 here.

were unable to pay.

Cost of transferring high school students to Canyon and the static condition of the school district's tax evaluation were blamed for the financial troubles.

Umbarger has no high school. The school is a grade school with 73 students and four teachers.

This school term 39 1/2 pupil units are transferring from Umbarger to Canyon while 18 pupils transfer from Canyon to Umbarger. Canyon school gives Umbarger credit for the 18 students transferred from Canyon leaving Umbarger to pay Canyon local costs on 21 1/2 pupil units.

Estimated local cost per pupil in the Canyon School System is \$292.35 with Umbarger School District required to pay 85 percent of that amount or \$248.50 per pupil.

Beckman hopes to solve the problem permanently by giving the Umbarger School System most of \$4,980.66 received for schools and roads from the federal government in lieu of taxes on Buffalo Lake National Wildlife Reserve.

Seven and a half sections of the reserve lie in the Umbarger School District while four lie in the Canyon School District. At present, Umbarger School District receives \$669.90 a year and Canyon \$575.26 while the

remainder is divided among the four county precincts for use on county roads.

Beckman and Butler indicated that they would be willing to give their full amount of the Buffalo Lake Money to the Umbarger School District. The other two county commissioners probably will be approached to do likewise.

Ed Wieck, Umbarger school board president, explained that the school district's hands are tied as far as raising any more tax revenue is concerned.

Since Umbarger is a common school district, tax valuation must be the same as the county valuation on property in the district. The Umbarger tax rate is \$2.95 per \$100, the maximum permitted.

The only way more tax revenue could be raised would be to raise property valuations. The only way property valuations could be raised in the district would be to raise county valuations over the entire county.

At present, actual value of irrigated land in the county is set on about \$175 an acre and value on dry land runs from \$35 to \$75 an acre. County Tax Assessor-Collector Bill Money explained that 12 1/2 percent of the actual value is used for county taxing purposes.

Members of the Umbarger school board, other than Wieck, are Raymond Batenhorst and Leo Artho.

Probably the project nearest Sally's heart is Girl Scouting.

At present she is a member of the Amarillo Girl Scout Council board and is district chairman of the Canyon District. She is neighborhood chairman, organizer and troop consultant and has been Girl Scout Day Camp director for the past five years.

She holds a degree in education from the University of Texas. It was while a student at UT that she met Dr. Nester who was a pre-med student there at the time.

Daughter of a railroad special agent, she is a native of Kingsville.

The Nesters have three children. Chuck, a former Canyon High School football player, is a co-pilot for Braniff Airlines. He and his wife, the former Miss Mary Lou Olson, live in Dallas.

Daughter Sally is a pre-med student at the University of Texas and the youngest daughter, Kay, is a sophomore at Canyon High School.

Dr. Burwell Southern, banquet master of ceremonies, made the presentation. Mrs. Nester was ill and unable to attend. Her plaque was accepted on her behalf by Dr. Nester.

job in representing the United States to this country's closest ally in the Pacific. Australia, he said, has as many men per capita fighting in Vietnam as does this country.

Clark has been rumored as a possible candidate for governor of Texas.

McQueen spoke before some 25 people at the meeting.

He said there are about 250,000 farming and ranching operations in Australia with the average size of a farm running from 4,000 to 5,000 acres. Land is cheap and prices for farm products are generally high.

Most cattle are grass fed and are not marketed until they are seven years old. He explained that this is because almost the entire output of the country's grain crop is purchased by Japan at extremely high prices.

Grain is just too expensive to feed to hogs and cattle, he declared.

Australian pastureland runs from lush to almost barren. Some grass will support as many as three cows to an acre while in the "outback" country as many as two sections are required to support an animal.

McQueen said the average native Australian rancher spends little time tending his cattle. He takes a fatalistic attitude, rounding up and taking to market the animals that survive on the range land.

McQueen said labor is a serious problem in Australia.

He said land runs from as low as 15 cents to \$10 an acre in Australia.

# Bufs Meet OCU Saturday Night

West Texas State's basketball team travels to Oklahoma City Friday for a Saturday night engagement with previously eighth ranked Oklahoma City University. Tipoff is set for 8 p.m. at the Fairgrounds Arena.

Both the Bufs and Chiefs will be seeking to rebound from Saturday night losses which saw West Texas fall to second ranked Houston 98-53 and Oklahoma City University drop an 88-86 cliffhanger to Creighton. The Oklahoma City loss was the third in their last four starts and moves the Chiefs' season record to 9-3, West Texas State now stands 1-5 for the year with their lone win coming over University of Albuquerque.

Saturday night's contest is billed as a showdown between the nation's fourth and fifth ranked scorers. Oklahoma City's 6-1 guard Rich Travis was fourth ranked this week with a 32.1 scoring average and West Texas' 6-6 forward Simmie Hill placed fifth with a 29.5 average. After Saturday losses, both Travis and Hill's productions dropped with Travis dropping to 29.4 and Hill falling to 26.8.

Travis will get scoring support from 6-5 forward Ron Koper (12.5), 6-4 guard Henry Koper (11.1), 6-9 center Houston Thomas (8.8) and 6-9 forward Willie Watson (7.9). Bench strength will come from 6-9

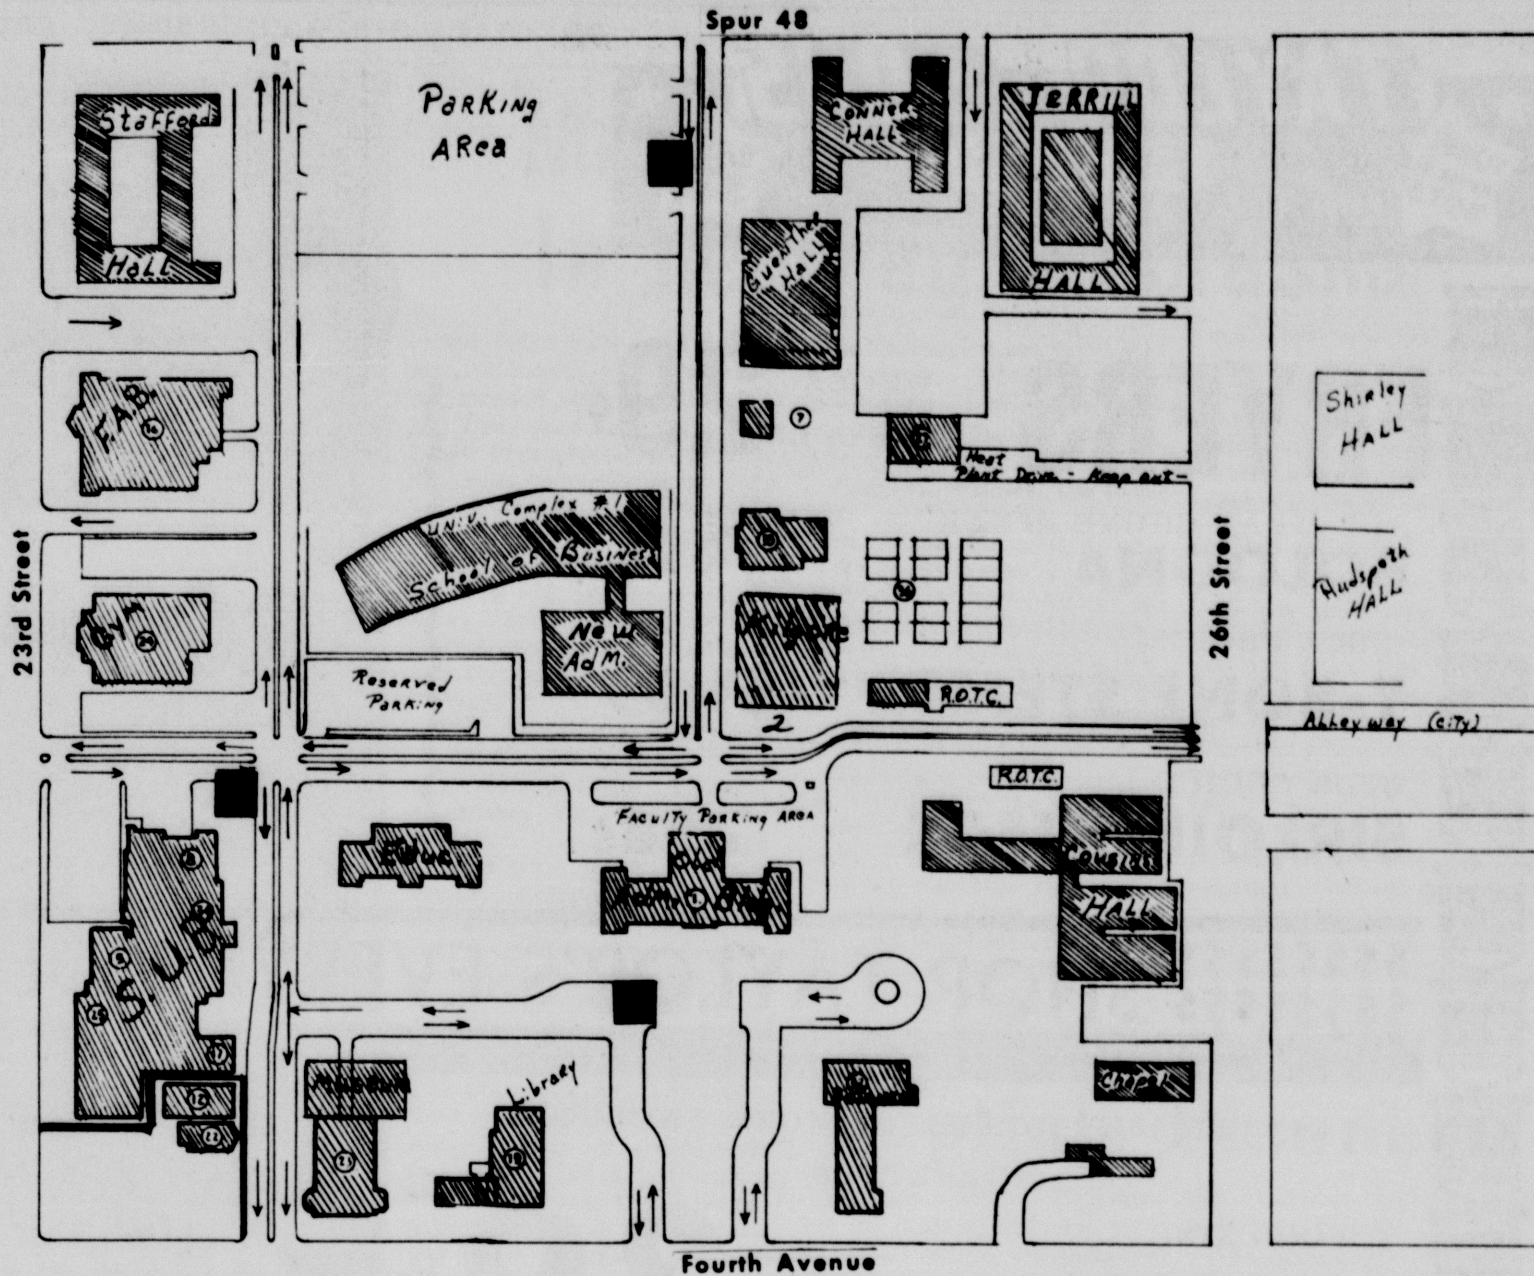

center Ardell England (5.5), 6-5 forward Floyd Bridges (6.0), 6-4 forward Melvin Workman (2.5) and 5-11 guard Joe Hayes (1.4).

West Texas State will counter with Hill (26.8) and 6-3 Gale Rhine (7.7) at forwards, 6-3 Mike Mitchell (17.4) and 5-6 David Cole (4.0) at guards and 6-9 Maurice Savage (11.8) in the pivot. Also expected to see considerable action are guards Lonnie Speck (8.7), and Mike Horton (1.0) and forwards David Nowlin (3.2), Jim Nielsen and Rick Bacon.

Oklahoma City, boasting the nation's ninth leading rebounder in Willie Watson, could hold an edge in the rebounding department. The Chiefs' starting lineup will average 6-6, just a half inch shorter than Houston's massive Cougars who rebounded the Bufs 58-42.

"We know Oklahoma City will be especially hard to play on their home court after losing to Creighton, but I feel our boys will give a good account of themselves," says West Texas head coach Dennis Walling. "Oklahoma City will be similar to Houston in size and rebounding strength. I just hope they won't be as quick."

The Bufs return to the home court Jan. 24 when they host Centenary College of Shreveport, Louisiana. The WT Freshman team will meet Amarillo AFB in a 6 p.m. preliminary game.

A CLOSED CAMPUS policy at West Texas State University has been instigated for the spring semester to keep unregistered automobiles from parking at WTSU. Three check points will be established, complete with Security Department officers. Check stations will be located between the Fieldhouse and Student Union Building, near the library and near Conner Hall. Dormitory, SUB and Fine Arts Building parking areas will not be involved in the new plan. Black boxes indicate approximately where the check points will be located.

**Harry Lisle Gets Letter**

Harry Lisle, son of Mr. and Mrs. Hampton Lisle, 205 12th St., Canyon, has been named a varsity football letterman for play in the 1967 grid season at Harding College, according to Head coach John Prock. Lisle is one of 26 veterans who were repeated in the honor club.

Lisle saw action at safety for Harding in a season that settled at a 3-7 record, although the Bisons smashed 23 of 60 existing records. Returning from the squad were 10 seniors, but Prock expects returning lettermen and freshmen to make up an imposing force to the Arkansas Intercollegiate Conference title this fall.

Lisle, a graduate of Canyon High School, is a physical education major and a member of Sub-T-16 social club.

term tests are underway this week, is near normal, absenteees Monday at Canyon Junior High School numbered 95 Monday and 75 Tuesday.

Principal Dan Trew said of the 685 students at CJHS, about 14 per cent were absent during the first two days of the week.

Attendance at Rex Reeves Elementary School, said Principal Oscar Hinger, is about 12 per cent below normal. There were 128 students absent Monday, 127 Tuesday but only 119 Wednesday, or about 70 students more than usual. While 134 were absent Friday, some students were participating in the Randall County Junior Livestock Association Show and Sale.

## Haterius Listed In Who's Who

Steve Haterius, senior pre-med major from Stamford and a standout football player for the past three years, was named Thursday as one of 36 West Texas State University students selected to Who's Who among students in universities and colleges.

Haterius' selection marks the second straight year that a member of the West Texas State University football team has been chosen for this high academic honor. Phil Hampton, starting center on the 1967 football team, was named to Who's Who last year.

Who's Who membership is based on scholarship, leadership, participation in student affairs and potential. Nominations for Who's Who are submitted by campus departments and organizations. Final selection of candidates is made by the Student Honors Committee composed of five members of the university faculty.

Haterius' selection to Who's Who caps an outstanding year. He also belongs to Alpha Chi, a national honor society, and was recently selected to Beta Beta Beta National honor fraternity for biology students.

As a starting defensive safety on the West Texas State University football team, Haterius received much national recognition this year when he led the nation in pass interceptions with 11. A three year starter at safety, Haterius ranked among the nation's leading punt returners as a sophomore. He holds all of West Texas State's season and career interception records.

## Hardens Observe 60th Wedding Anniversary

The anniversary of sixty years of marriage was observed January 7, 1968 by Mr. and Mrs. W. H. Harden of Canyon.

Harden and the former Miss Nora Arnold were married January 7, 1908 in Houston, Mississippi. She was born in Cumberland, Mississippi and grew up there.

Also a native of Mississippi, Harden was born in Chickasha County.

"We were Mississippi farmers, and I also served as a rural mail carrier there for 20 years when we decided to come west so that our children would have an opportunity to attend affiliated high schools," said Harden.

"We moved to Canyon in 1926, and I went into farming. I was dealer for Oliver Farm Equipment for about five years and then formed a real estate and insurance partnership with G. B. Heath which lasted for 22 years, and then I bought his share," stated Harden.

"In 1960, I sold the insurance-real estate business to

Aubrey Crossland and rented him part of the building. D. L. Hunt's barber shop is located in a part of the building now," said Harden.

"Since my retirement in 1960, we have spent a lot of our time hunting and fishing near Gunnison, Colorado. We bought us a trailer house and stay up there for two-three months at a time, that is until last summer when we stayed home," Harden commented.

In 1951, Harden was awarded a 50 year service ribbon from the Texas Baptist Convention. Both are active in the First Baptist Church of Canyon and have taught Sunday School classes for many years. Mr. Harden has also served as a deacon for the Baptist church for a period of 50 years. He is currently a substitute teacher for the Men's Adult Fellowship of the First Baptist Church here.

Mrs. Harden also served as a Sunday School teacher for many years. Her husband is a member of the Masonic Lodge.

"We wanted to make a change so we came to Texas," said

Mrs. Harden. "We couldn't have possibly sent our five children to high school and college while living in Mississippi."

"Our oldest daughter completed high school at the West Texas Demonstration School here," said Mrs. Harden. The couple's oldest daughter, Stella, is Mrs. Ishmael Hill of Lubbock.

Dr. Hill is assistant superintendent for the public schools of Lubbock and she is a teacher.

"Our other two daughters, and two sons are all graduates of Canyon High School. All

of our children, except the youngest daughter, also got their degree from West Texas State in Canyon," recalled Mrs. Harden.

The Hardens other children include Broughton Harden, who died in 1963. He was a music teacher at Eunice, New Mexico.

James L. Harden of Riverside, California is a son of the Hardens. He was formerly assistant business manager at WTSU before going to Wayland Baptist College in Plainview as business manager for 10 years. He is presently busi-

ness manager for California Baptist College in Riverside, Cal.

The couple's younger daughters are Mavis (Mrs. Forrest) Hill of Canyon who is district clerk for Randall County; and Mrs. Billy Joe Hunter of Amarillo, who operates a cleaning establishment with her husband.

"We are proud of our children, our 10 grandchildren and the six great-grandchildren," stated Mrs. Harden with a smile.

"We moved here to give our kids an education... and have had a lot of fun doing it," the couple concluded.

MR. AND MRS. W. H. HARDEN of 1801 Third Avenue observed their 60th wedding anniversary January 7. The Hardens moved to Canyon from Mississippi in 1926 to "give their children an opportunity for an education".

Each new year has brought us new drugs which differ greatly from the guesswork ingredients of past years. It is difficult to realize that less than a hundred years ago, you could count on your fingers the known drugs which could be depended upon to give a positive medical result.

Now the multi-ingredient, hope they work, mixtures are rapidly disappearing. We have single ingredient medicines which can positively cause a desired result. We have drugs which raise or lower blood pressure. Others permit a diabetic to live a normal life. We can fill any prescription.

## You say you wonder what your phone will be like in the year 2000?

By the turn of the century, chances are you won't recognize the familiar telephone. Based on services already in use or on the drawing boards, you can expect some pretty far-out developments.

For example, Picturephone® see-while-you-talk service, already in

limited use, might well be offered in full color and three dimensions. With it, you could do the family grocery shopping, look at the new cars, or buy a new hat without leaving the house.

Electronic switching equipment, now in trial use, will call you back when a busy line you have called is free, or transfer your calls to another phone while you're away from home.

Telephones will be free to go where you go. A cordless portable extension phone, complete with dial, is currently undergoing tests.

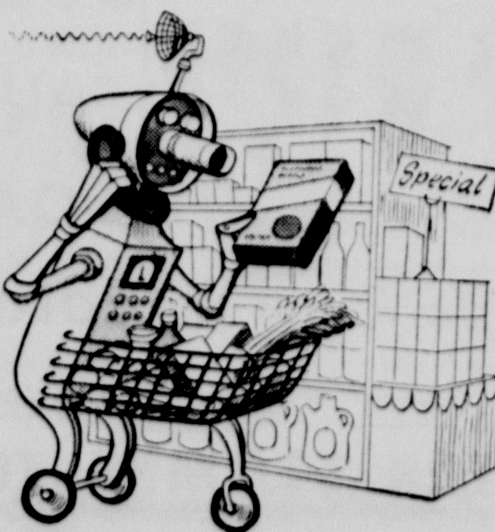

Money handling will be revolutionized. You won't need to write checks or pay cash for most purchases. A telephone call to your bank's computer will take care of the payment. The same system will automatically pay monthly bills which you authorize and keep track of your bank balance. It might even figure your income tax.

By the year 2000, your telephone will probably be doing many other jobs that now seem unthinkable. But then,

television, satellites, computers—even the telephone—were "impossible" 100 years ago.

Looking ahead to keep ahead in communications is one way we try to make your every "hello" a real good buy.

# Drama Workshop Is Slated At WT

High school drama students from throughout the Panhandle area are preparing their spring programs after demonstrations at the 11th annual Buffalo Masquers High School Drama Workshop at West Texas State University.

In a one-day session in Canyon, Jan. 13, some 180 students from 15 high schools saw two plays staged by university drama students and witnessed demonstrations on how to deal with problems in technical production, stage properties, costuming, makeup, lighting and sound.

High schools represented were Boys' Ranch, Canadian, Canyon, Channing, Dimmitt, Gruver, Happy, Fefors, Morse, Pampa, Sanford-Fritch, Stinnett, Tulia and White Deer.

Thomas Hoffman, instructor in speech at WTSU, and faculty sponsor of the workshop, said 67 high schools had been invited, but some of them were caught in the midst of examination schedules.

Lee Williams, Dalhart sophomore at WTSU, directed two plays for the instruction of the high school students. The plays were Anton Chekhov's "The Brute" and Edna St. Vincent Millay's "Aria da Capo."

The cast for "The Brute" included Georgia Newell, Canadian freshman; John Brandon, Canyon junior; Kay Stewart, Claude senior. Lights were handled by Bob Bonar, Victoria freshman. The stage crew consisted of Connie Clifton and Cindy Lee, Canyon freshmen, and

Bruce Futrell, Hart freshman. The production of "The Brute" was described as "a play in its final rehearsal." The Millay play was an adaptation thereof.

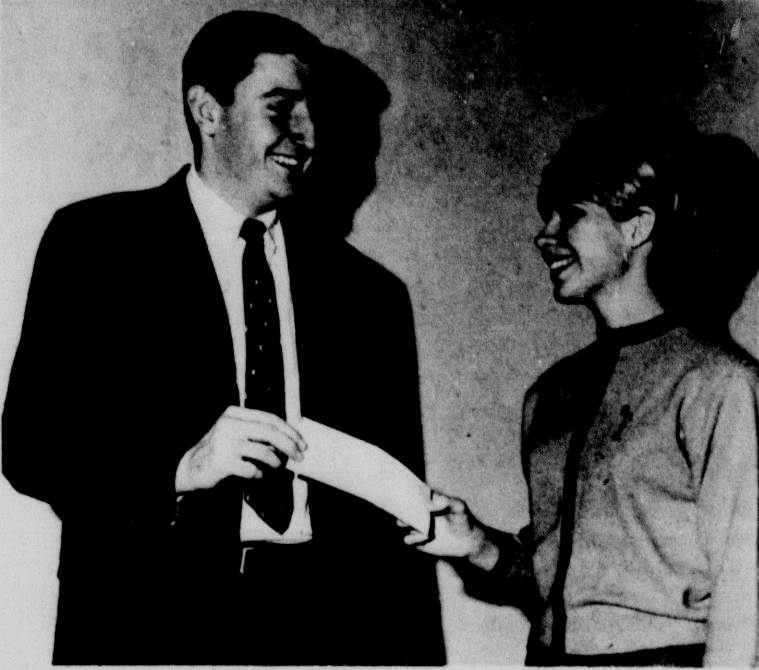

In "Aria da Capo" the main characters were Tommy Stansbury, Houston freshman; Kenneth Eastman, Hereford sophomore; Sharon Daniel, Dallas sophomore; Buster Tieman, Amarillo freshman; Jerry Woodward, Pampa freshman; Cheri Cramer, Albuquerque, N. M., senior, and Georgia Newell.

William A. Moore, associate professor of speech, gave a critique on "The Brute."

Lawrence Whiddon, Amarillo senior at WTSU, told the students how to keep a card-index file on plays. Betty Hawkins, drama student from Bovina, told how her hometown blacksmith shop produced Roman swords needed in a play, John Turner's "The Cell," dating to the biblical days. Jo Ann Meadows and Patricia Riggins, Amarillo seniors, discussed costuming.

Don Irwin, state drama consultant with the Texas Education Agency, Austin, told the students they did not have to be like hippies in attire, coiffure and conduct "to be a drama major."

"In West Texas," Irwin said, "I've found less of that sort of thing than anywhere else." He suggested that the cast for the traditional senior play be opened to possible talent in the lower grades.

There is no "seniority" in the Texas House of Representatives

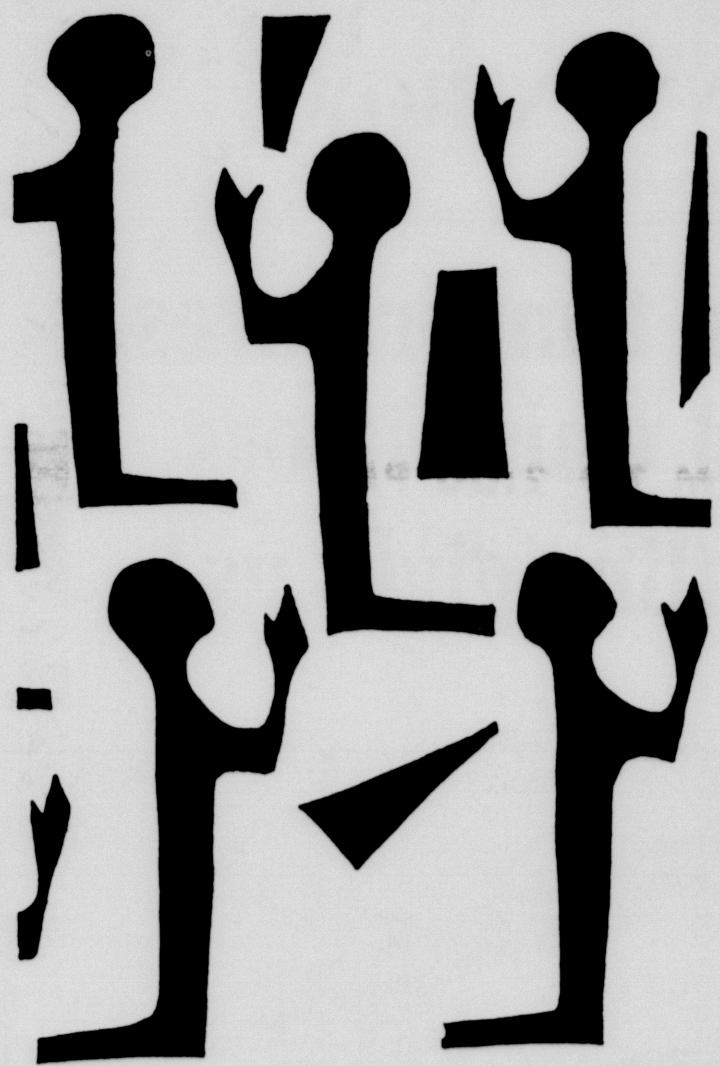

Each new Speaker of the House appoints his own committee chairman and committees. There will be a new Speaker in 1969 since Speaker of the House Ben Barnes is a candidate for Lieutenant Governor. In the Congress of the United States, "seniority"—or staying in office—counts because a man can move up in a committee to becoming Chairman if he stays long enough. Not so in the Texas House.
